

MULTI-HOUSING CASE STUDY

MAG Resources

MULTI-HOUSING EDITION

In collaboration with our clients, we provide beautiful window coverings and excellent service that brings real value to our clients and their guests.

 **National Development
of America, Inc.**

MAG Resources was awarded the bid to supply the window coverings at two properties simultaneously for National Development of America. MAG worked with a major supplier to provide over 700 aluminum blinds on time, and under budget.

Product: 1" Aluminum Blinds

Services: Field Measure, Installation

Scope: New Conuccionst; 700 1" aluminum blinds

MAG Resources was awarded two projects simultaneously; Autumn Place and Willow Creek in Lake Charles, LA. MAG was able to offer a value engineered alternative that carried with it a 45% savings in cost.

Product: 1" Aluminum Blinds

Services: Field Measure, Installation, Facilities Maintenance, Value Engineering

Scope: New Construction; 1,300 1" aluminum blinds

Multi-Housing Interiors
beauty and elegance at an affordable cost

MAG Resources, LLC

MAG Resources is a turn-key supplier of cost effective shading solutions, building automation systems, and site services to multi-housing clients all across the USA. Our team is experienced in working with General Contractors in private and federally funded projects and aware of the strict construction schedules that come with the territory. Our team is knowledgeable, responsive, flexible and timely - asking the right questions and being proactive to prevent costly change orders and missed deadlines down the road.

Through our vast network of suppliers, strategic partners, and Installation Technicians we are able to offer a broad portfolio of value added services. MAG Resources Project Managers are the best in the business – using centralized project management software to stay in constant communication with our suppliers and clients and collaborating and coordinating efforts across multiple locations effectively and efficiently. Experts in Supply Management practices, assuring adequate supply levels and timely deliveries to keep projects on schedule and under budget. Our large network of Technicians nationwide allow for us to provide a strong on site presence for each and every phase of the project. Trust MAG with your next project and feel the difference.

FIELD MEASURE & INSTALLATION

With over 500+ teams of licensed, insured and experienced installation teams across the country we are able to offer a turn-key service including field measures and installation. Measures come with a Sure-Fit warranty, guaranteeing each treatment to fit perfectly. All installations come with a one year warranty.

NATIONAL ACCOUNT PROGRAM

Centralize and leverage your business in order to gain purchasing power and service that individual stores couldn't obtain otherwise. Provide a consistent brand image across all your locations, benefit from an assurance of adequate supply levels, and streamlined ordering/maintenance processes. Each account is serviced by an experienced, knowledgeable Account Manager providing a consistent, reliable, direct line of communication.

FACILITIES MAINTENANCE

Benefit from our large network of experienced Installers that allow for us to provide post-installation services including service and repair helping to extend the life of the product. Our unique ability to provide replacement parts combined with our record keeping capabilities allow for quick turn-around times; assuring your property is fully functional and looking great 24/7/365.

BRAND AWARENESS

Choose from a variety of services MAG offers to enhance customer awareness and brand imaging. As about our special graphic shades, or our ability to offer a custom fabrics or extrusions that better coordinate with your interior, providing a truly custom look.

PROJECT MANAGEMENT

Our highly trained and educated Account Managers are backed by a team of experienced Project Managers whose job it is to assure each project is completed in a timely, safe and budget minded manner. From the initial site survey to the manufacturing and logistic processes all the way through the installation - our team stays in constant communication using state-of-the-art centralized project management system. Our team is able to collaborate and coordinate efforts across multiple locations effectively.

VALUE ENGINEERING & GLOBAL SOURCING

Take advantage of our unique strategic relationships with manufacturers that gives us the ability to source value engineered alternatives on a global scale, saving our customers money while maintaining the integrity of the product.

STOCK & QUICK SHIP PROGRAMS

Benefit from our unique strategic relationships with manufacturers and suppliers that gives us the ability to source raw materials or finished goods, warehouse them, fabricate and ship as need be. Our unique relationships with our suppliers allows for a more controlled inventory, manufacturing and shipping process.

RECORDS MANAGEMENT

Pay for a field measure once and only once. Our record keeping capabilities streamline the service and replacement processes eliminating costly trip charges and measure fees for good.

CUSTOM REPORTING

Talk to our Account Managers to setup any custom reporting you or your branch may want to review.
